Please make many copies of the attached "alert" on alcohol, dope, etc. and spread them around all over the Twin Cities area. Post them on your public bulletin boards. Hand out copies on Sunday to your Congressmen (one to each person).

The U.S. is in very deep trouble right now, and it's going to be up to us to straighten out the mess Reagan and Bush have inflicted upon our fair country.

Call me at (612) 455-1227 if you need more copies, or better yet write to me & then follow up with a telephone call (& I'm often away from home, and somebody has been "lifting" some of my incoming mail! - Hal
